### **Draft Environmental Impact Statement**

**Study Location:** Western Salt Lake County and western Utah County north of Utah Lake.

**Study Schedule:** Currently a draft EIS is in progress and the impacts of all alternatives are being studied. The final EIS will be prepared in Late 2008 with a Record of Decision expected in Spring 2009.

**Study Overview:** UDOT and the Federal Highway Administration have released the Draft Environmental Impact Statement (DEIS) on the Mountain View Corridor, a proposed highway and transit corridor in west Salt Lake County and northwest Utah County. Tremendous growth in population, employment and in households over the next 30 years in the Mountain View Corridor study area will cause significant delay on roads and will create new demands for transit service. The DEIS examines community transportation needs and potential impacts.

The public comment period for the DEIS is Oct. 17 through Jan. 24, 2008. The DEIS is available on this Web site, or at local libraries. Comments on the DEIS may be submitted via:
